Among the poorest adults, those with incomes well below the federal poverty line, nearly 14% did not take prescribed medicines because it was medicine or food.

Labor unions target many non-union businesses across the country for takeover; some businesses successfully fend off the unions, and others succumb.

However males are far more accurate in alcohol count than women.

Além de falar de um amor perdido (quem nunca?), segundo o Guinness Book ela é a cano mais regravada da história (cerca de 3 mil regravadas)
